## PROFESSIONAL OBJECTIVE

My primary goal is to apply my technical expertise all throughout the full software life cycle to ensure production and delivery of products and services that meet client specifications. Along with a competent software developing team, and with strong personal knowledge, skills, and experience in software engineering, I am positive that this goal can be achieved.

---

## EMPLOYMENT HISTORY

### Front End Software Developer

EVERIS (6 MONTHS)

Internships in which I collaborated with the front-end team doing the layout in Sass using the BEM methodology in a project for the Junta de Andalucía.

### Software Developer

CHINGU (8 MONTHS)

Internship in the chingu.org organization doing open source projects with developers from all over the world. Technologies used: html, css, javascript, react, angular, Sass.

---

## EDUCATION

### Full Stack Developer Bootcamp

BOOTCAMP UPGRADE HUB (3 MONTHS)

Intensive character bootcamp (More than 8 hours a day) where I learned technologies both front (html, css, javascript, react, angular) and back (php, simfony).

### Tourism Degree

GRADUATED WITH HONORS IN 2013

Degree in tourism where I had my first contact with programming and the office package. It also gave me soft skills, communication skills and languages (English and French).
